SOME POINTED QUESTIONS ON THE BOND ISSUE.

To the Editor of The Sun:

Following your generous offer to answer any questions put to you on the school bond issue, I wish to ask the following:

First—It is charged on the streets that the issue is proposed by an element in Paducah that is opposed to the city at any time buying the water works, building one, or installing a commercial lighting plant in connection with the present street lighting plant; that the city can only issue approximately \$550,000 of bonds, and if this \$100,000 is authorized it will take just that amount from the total the city can issue.

Second (a)—Where has all the money the school board has been getting gone to? (b) What became of the money received for the sale of the building at Fifth and Broadway, for we were told, at the time of the sale, it brought sufficient to erect the two new buildings?

Third—If the board has not sufficient funds to operate the present schools, why erect more?

Fourth—How does the board propose to spend this \$100,000?

A. PARENT.

The Sun is glad to answer these questions and pleased that you put them, as these same inquiries and stories are current on the street.

First—The proposed bond issue of \$100,000 by the school board WON'T AFFECT IN ANY DEGREE the amount of bonds the city can issue at any time, because the school board is a separate corporation from the city, and is authorized by law to issue its own bonds.

Second—The school board receives enough money, and approximately \$30,000 to \$40,000 more than enough to operate the schools each year, but in the past few years the buildings, which are very old, have needed many repairs, and in meeting them the board had to make on other buildings. These two items go to make up the \$20,000 deficit.

Third—It is not proposed to erect the new buildings until next year. They will be ready for use in 1910, and by that time the city will have made another assessment,—something which is done only every four years, and it is conceded by authorities that the increase will be sufficient to give the school board, allowing it no more than its present rate, plenty of money to operate the additional schools. They will only entail an additional expense of about \$6,500 a year.

Fourth—The \$100,000 will be used as follows:

To pay off old debt	\$20,000
To rebuild the Lee building at Fourth and Ohio	22,000
To rebuild Lincoln, at Eighth and Ohio	8,000
To install heating plant in Franklin, South Sixth	2,500

Total to be expended next year \$52,500
For new building west of Fountain avenue \$25,000
For new colored school building in southern part of city 10,000

Balance \$12,500
The bonds to meet the improvements won't be issued until they are needed, \$20,000 in November, and \$32,000 as the improvements on the Franklin, Lee and Lincoln buildings are made; the new buildings will be planned in 1909, finished in 1910, when the bonds will be issued to pay for them.

A Fair Question.

One of the questions that is squarely before the voters in the forthcoming election is, are they going to support the school board in its request for authority to issue school bonds?

The members of the school board were elected by citizens of Paducah to supervise the finances of the schools, in addition to other duties connected with the maintenance and operation thereof.

It is only fair to assume that they were capable to perform these duties, or else they would not have been chosen to occupy so responsible a position. It is not charged by any one that the school board has failed in diligence or in attention to the duties imposed upon it; and it is not unreasonable to claim, that the members thereof possess a more accurate knowledge of the existing situation in school affairs than do those citizens who do not come in official touch with the details of the situation.

Therefore, a vote for the bond is

DEMOCRATS WILL NOT BE ASKED FOR WHOM THEY VOTED

Only Essential to Vote in Primary That Voter Registered as Democrat.

Attempt to Coerce Gold Democrats Proves Futile.

LAW IS CLEAR ON THE SUBJECT

Any man who registered as a Democrat, may vote at the Democratic county primary, and he will not be asked by the officers in charge whether he voted for William Jennings Bryan at the regular election before he entered the primary booth.

It was announced with considerable emphasis that a vote for Bryan would be the shibboleth of the primary. This was an evident attempt to coerce the gold Democrats into supporting Bryan, by preventing them from taking part in the affairs of their local party if they did not.

But candidates found it was keeping their personal friends away, and they soon dug up the law on the subject, and learned that it is unlawful to ask a man how he voted. A man cannot testify in court as to how he voted, so strictly is the secret of the American ballot kept, and the audacity of the certain local politicians trying to intimidate men and coerce them into voting in a national election to suit the politicians, in order that they might participate in a local primary, was a surprise to many voters.

A bluff that the oath will be required will be maintained in some quarters for political effect, but the voter may rest assured that if he registered as a Democrat he may vote in the Democratic primary in his precinct, and no one will dare demand how he voted at the election under penalty.

Football Clubs Another.

Lokan, Utah, Oct. 28.—Thomas Evans, right guard on the football eleven of the Utah Agricultural college, whose neck was dislocated last Saturday during a game with the Colorado school of mines, died today without regaining consciousness.

Haslock Rejoins Team.

Union City, Tenn., Oct. 28.—Private "Red" Haslock, a student at Vanderbilt, right tackle on the football team, also a member of the state militia sent here, was sent to Nashville today on "official business." Private Haslock has kept in training since reaching camp, and it is not thought that his official business will interfere with his playing against Michigan next Saturday.

Orville Wright Recovers

Washington, Oct. 28.—Orville Wright, who was seriously injured in the aeroplane accident, has recovered sufficiently to walk on crutches. He expects to return to his home at Dayton Saturday to resume his experiments shortly.

Kaiser Will Go Up

Berlin, Oct. 28.—It is expected that Kaiser William will make an ascent in Zeppelin's dirigible balloon, following Prince Henry's successful flight yesterday. The prince is widely enthusiastic. The Kaiser will wait until Zeppelin completes his new airship. He then expects to make a flight.

A rally to discuss the bond issue will be held at the Whittier school building Friday afternoon at 2:30, and every one is invited to attend. Speakers will discuss all phases of the question and divide time with any one.

A rally to discuss the bond issue will be held at the Whittier school building Friday afternoon at 2:30, and every one is invited to attend. Speakers will discuss all phases of the question and divide time with any one.

There is a vote of confidence in the ability of the duly elected representatives of the people to administer the affairs of the public schools; and conversely, a vote against the bond issue is an assertion that these representatives are not worthy of the confidence of those who placed them in the position of trust which they occupy.

If the latter view of the question prevails, the members of the school board should be requested to resign, because if they no longer merit the confidence of a proper majority of the people in their ability to administer the financial problems connected with the schools, they are equally unworthy of confidence in their ability to discharge all other responsibilities devolving upon them as a result of the position which they occupy.

FAIR PLAY.

Big Matrimonial Bureau.

Pittsburgh, Oct. 28.—James L. Lockie and Miss Loan Miller were arrested, charged with running the most extensive matrimonial bureau ever unearthed. The police assert that 5,000 men and women have paid a dollar apiece to secure marriage partners. Their correspondents extend all over the country, many in the west and southwest. Applicants range from girls of eighteen to women of sixty. An inmate of the Dayton, Ohio, Soldiers' home, aged 70, is among the correspondents.

Fugitive Murderer is Detective and Arrests Scores of Men While Concealing Identity From Others

Bob Hilton Escaped From the Frankfort Prison Where He Was Serving Life Term—Captured at Nashville.

Nashville, Oct. 28.—Bob Hilton, who escaped from the penitentiary at Frankfort, Ky., while serving a life sentence for murder, was captured at his mother's home here. Hilton killed William Hodnett at Bowling Green, in a quarrel over a woman. He served ten years and since he escaped acted as a detective and arrested scores of men.

Forest Fires Near Trezevant.

Trezevant, Tenn., Oct. 28.—Forest fires are raging on almost every side of this little city, and have been for several days. In the Obion river bottom, about five miles from here, fire has been burning for several days, and also in the Heedy Creek bottom near here.

Cairo Feels Earthquake.

Cairo, Ill., Oct. 28.—A severe earthquake shock was felt here at 6:25 o'clock last evening. It was accompanied by a rumbling sound, and lasted for about five seconds. The general direction was from southwest to northeast.

GRAHAMVILLE PEOPLE ENJOY FINE TOMSOM HUNT.

Many of the citizens of Grahamville enjoyed a "tomsom" and coon hunt. The party left Grahamville early and enjoyed a supper of barbecued chicken. With two fine coon dogs of Uncle West Hanks the party treed three coons and captured them after a fight. In the party were: Misses Elva Jones of Paducah, Clara Graham, Stella Graham, Pearl Cornwell, Schmidt Hite and Messrs. James Graham, Virgil Tucker, George Phelan, Uncle West Hanks, Dr. C. McKinney, of Ragland, and Dr. and Mrs. S. Z. Holland, and Mrs. Maggie Crawford.

Masters, Mates and Pilots Meet.

Masters, mates and pilots will meet tonight at the marine engineers' hall on lower Broadway.

MAY OPEN LOOSE LEAF TOBACCO WAREHOUSE HERE IF BUILDING IS SECURED

C. W. Bohmer, of Lexington, Investigates Situation in Paducah.

Mr. C. W. Bohmer, a prominent loose tobacco man of Lexington, has been in Paducah for the last week investigating the possibility of establishing a loose tobacco warehouse. It is not known definitely that the warehouse will be established as Mr. Bohmer has been unable to secure a suitable building. He returned to Lexington this morning to attend the tobacco sales, but probably will return to Paducah in a few days. The tobacco crop in the nearby district was short this year owing to the farmers cutting out the 1908 crop, while the purchase has an average yield. The loose leaf warehouse would draw much tobacco from Mayfield and Murtry to Paducah.

Sardon's Condition Critical.

Paris, Oct. 28.—The condition of Victor Sardon, the dramatist, is critical. Mr. Sardon is 77 years old. He became ill two weeks ago.

WEATHER.

Fair west, rain east tonight and probably Tuesday, heavy frost west tonight. Highest temperature yesterday, 57; lowest today, 40.

TRAVELING MEN FIND FARMER IS NOW PROSPERING

"Business is all right with the farmer, and he has plenty of money to make purchases," said Mr. Earl Walters, who represents a large dry goods house, at the Union station this morning. Mr. Walters has western Kentucky and Tennessee for his territory, and makes many of the small country stores, and the country merchants have had no let up in their trade. His sentiment of the farmer

CONFESSION OF NIGHT RIDER SPY BEING FOLLOWED

Tennessee Authorities Searching for Men Who Murdered Quentin Rankin.

Grand Jury May Have Been Illegally Empaneled.

REELFOOT MURDER SITUATION

Union City, Tenn., Oct. 28.—Armed with the confession of Tod Burton, alleged night rider spy, implicating 40 men in the Rankin murder, troops and deputies are searching the county for the men named. About half are under arrest. Burton says Tom and Garrett Johnson and Will Watson led the riders. It is expected that Burton's testimony will convict several of the riders.

Burton's Confession.

Union City, Tenn., Oct. 28.—Mr. Wm. Black, who lives in Tiptonville, was in the city. Talking of the confession made by Tod Burton, who was arrested on a warrant charging him with complicity in the whipping of Squire Wynne in Lake county some months since, and who is now in the Tiptonville jail, he said that Burton made his statement to him and two other gentlemen whose names he did not give. He said the confession was made without the asking, and that there were no threats or promises made to him in order to extort the confession, but that Burton voluntarily stated that he was in the crowd who whipped Squire Wynne, and after he made this statement he said: "Now, I will tell you what I know of the killing at Walnut Log."

Burton said he was at the Walnut Log hotel at 7 o'clock the evening of the killing of Capt. Rankin, that he went there at or near Sanburs about twelve miles below; that he arrived at Walnut Log about 7 o'clock and went to the hotel for supper, and saw Col. Taylor and Capt. Rankin, but that he did not eat at the table with them; that he took his supper in the shape of a lunch and went out in the lake with it and ate it there; that he left the hotel shortly after he received his lunch and remained out on the lake all night fishing. He said also that he heard shots, but did not know the occasion of the shooting. He stated that he was present when the arrangements were made to go to Walnut Log and see Col. Taylor and Capt. Rankin, but he went back home and afterward went fishing as stated.

Paul Prys on Telephone Line.

Samburg, Tenn., Oct. 28.—Because of the fact that the only means of communication between Samburg, Union City and thence with the outside world is a private party line telephone wire and that all of the subscribers on the wire can hear what passes. Important plans have been arranged, it is stated, because of listeners along the line, and for this reason until the telephone wire which is being strung from Union City to the camp is completed, the military authorities will exert a rigid censorship over news dispatches dealing with the night rider investigation.

Masks Found on Prisoners.

Camp Nemo, Near Samburg, Tenn., Oct. 28.—Several crude masks made from mudsacks have been discovered on prisoners taken by Major Bright Horton's mounted posse, a search of all prisoners in the guard-house was instituted, and two or more others were found.

This is the first evidence of this character uncovered by the soldiers.

Two men, Jesse and Chaney Linden, of Sprout Springs, came into camp this morning and surrendered to the authorities. Lieut. Rosser and Sheriff Dawson left camp this morning to meet Gov. Patterson, who has left Union City for Camp Nemo. This is said to be merely an honorary escort for the governor of the state and not a guard for fear of an attack upon the executive.

The detachment took into custody Frank Long and three other men, Dr. Dora, who assisted in the inquest over Capt. Rankin's body, was taken

The Registration

The supplemental registration has thus far resulted in 56 Democrats being registered, 13 Republicans, 2 Independents and 1 Socialist.

Hon. Charles Reed Dying

Former Mayor Charles Reed is believed to be dying at the home of his daughter, Mrs. Edmund P. Noble, and it is thought he cannot survive the night.

CITY SCHOOLS WILL NOT BE CLOSED—SCHOOL TRUSTEES SECURE TEMPORARY LOAN

American-German Bank Advances \$16,000 to Trustees to Carry Them Until First of January.

STATE MONEY WILL BE RECEIVED AT THAT TIME AND TAXES WILL BE COMING IN DURING MONTH.

Trustees Have Been Devoting Time to School Problem During This Year and Have Pledged Own Credit.

The public schools will be kept open. The school trustees made arrangements yesterday afternoon to borrow sufficient money to operate the schools until the first of the year, when they will receive their half-yearly apportionment from the city.

The American-German National bank, which is the depository of the school board has agreed to lend the trustees the amount needed, approximately \$16,000. This will be good news to the teachers and parents and pupils, as there has been a great deal of uncertainty about the schools remaining open for some weeks.

This money will tide the board over its present needs, for salaries and incidental expenses until other arrangements are made.

The school trustees elected last fall have been constantly facing the most discouraging conditions and at times have pledged their own credit to keep the schools going. They have been part of the time forced to neglect their private affairs to devote to their public duties, and they have spent many wakeful hours at night thinking out this problem of temporary expedients.

Bryan Finishes New York

New York, Oct. 28.—Bryan began his final tour in New York state. He makes a dozen speeches between here and Troy, where a big rally will be held tonight. He is greatly pleased over his reception here. Bryan said "our meetings are tremendous, I am satisfied I'll get as large a plurality as ever given any Democrat."

DECLARES HE HAS BEEN ASSESSED BEYOND REASON

Alleged that he has been assessed an excessive amount by the city for the construction of a sewer through his property in the southwestern portion of the city, George Bernhart, has filed suit in circuit court to restrain Edward Bridges and P. D. Fitzpatrick, contractors, from collecting the amount assessed against him, until the courts can determine his equitable rights.

The plaintiff also alleges that his property has not been enhanced in value or benefited by the sewerage construction, and that a large portion of the property being covered by a sewer or deep ravine, that it is impossible for him to connect his property with the sewer. The amount, the plaintiff is opening assessed, is said to be more than the value of the property. Need not be after the sewer is laid. Work in the city.

Coal War

Although winter is not yet well begun there is a merry war on between coal dealers of the city, which the people are not slow to take advantage of. Several new leaders have entered the field this fall and are keeping the price of the fuel down to summer prices. Heretofore the dealers refused to deliver coal in less than \$2 lots, but now some of them are advertising to deliver any amount from 50 cents worth up. Besides they propose to give a bundle of kindling with every dollar's worth. The "independents" declare they have come to stay and that there will be no cessation of hostilities.

HAINS' BROTHER SAYS ARMY WOMEN RUINED MRS. HAINS

New York, Oct. 28.—Major Hains, brother of Annie's slain husband, made a sensational statement, claiming that army officers and women of the army had ruined Mrs. Hains' dowry. He said that Mrs. Hains' dowry, which included Captain Hains as a loving husband, driven mad by his wife's actions, unable to resist the temptation, killed her betrayer. He says Mrs. Hains was an innocent girl and during her husband's absence was taught by the women to smoke and drink. Her entire nature changed. Letters showed this to Hains, who hurried home. He refused to believe rumors until his wife confessed she loved Annie, and didn't love her husband. She admitted she was away a week and Annie paid her bills. Hains' mind became unbalanced and he finally killed Annie. The charges are likely to cause sensational developments at Ft. Hamilton.

Two fires suppressed by the city for the direct result of the earthquake destroyed two homes. The residence of John Rich, burned about 11 o'clock and he and his bride of a few days barely escaped death in the flames. About 1 o'clock fire was discovered in the residence of Dr. Shelton, apparently was subdued and burned again about 4 o'clock. People believe the flames were loosened. The earthquake shock was distinctly felt here and at Hindsville, LaCorte, Cairo and other points near the Mississippi river.

ON THE RIGHT TACK AT LAST.
"A report from the Menifee county states that three different buildings used for school purposes were burned within thirty days at Marietta. The schoolhouse was first burned, then two other buildings were rented for the purpose, when each of them were burned.

"On the burning of the last building the parties went to the home of the teacher, took her horse from the stable and rode it to where the house was burned, leaving it hitched there.

"A schoolhouse was also burned at McCauley, same county. The people are much wrought up over the affair."—News Item.
"At last the night riders are upon the right tack," says the Courier-Journal. "To revert completely to barbarism we must do away with the light of reason, and as a preliminary step we should of course abolish school houses and churches, whip the school teachers across the frontier and kick the ministers of the gospel out of the state. The real rule of the night rider would then begin and hoodlumism enthroned would become the actual governing power.

"All of the activities of the night riders and the same promoters of night riding have tended toward the disestablishment of civilization as well as the abolition of individual rights. But the Menifee county 'riders' are the first to begin where the beginning should be. Benighted ignorance and mob rule go hand in hand. First burn the school house, then terrorize the women who teach schools, then soundly whip the girls and boys who have the effrontery to desire to learn to read and write, and the foundations of night rider government are laid upon the right sort of ground.

"Rah for Menifee county, which is much more progressive than Fulton, where they burn the homes of defenseless negroes and murder the negro babies but leave the school-houses standing, allowing the rising generation to learn to become better citizens than their elders."

Perhaps, the esteemed Courier-Journal is not aware of the fact that the night riders out this way need the school houses for meeting places.

It is amusing to the public to observe of how great interest a night rider outrage at Reelfoot lake becomes to newspapers that do not take enough interest in outrages and night rider trials in adjoining counties to keep up with the news of them.

THE ATTORNEY AND THE CLIENT.
The News-Democrat admits that George Walters' election as city treasurer will cause litigation. It says: "Good legal authority declares that Mr. Dorian is ineligible to hold the office of treasurer, and whatever may be said to the contrary this fact stands out above all others."

That good legal authority is not the courts; for they have not passed on it. It is not the attorney general of Kentucky; for he has decided that Mr. Dorian is eligible and entitled to serve his term.

Now, what legal authority has passed on it?

Did you ever hear a lawyer advising a prospective client with a fee in hand, that he has a sure case, just for the sake of the fee?
We'll give you a hint, Dear Reader, as to the good legal authority by quoting the News-Democrat again: "The evening organ need loose none of its needed slumber over the possible cost of any litigation that may arise if Mr. Walters is elected treasurer. In the event he is elected, which is decidedly probable, and litigation is begun, which is decidedly improbable, the cost of this litigation will be paid by the Democratic party and not by the citizens of Paducah."

There is the client with the fee, all right. If you know who the Democratic party is, when you speak of it as a moneyed institution. Can you guess who the lawyer is that will be paid by the "Democratic party" to try to oust the man you elected city treasurer? No doubt, the lawyer, who gave the advice and would eat the fee, is part of the "Democratic party," which will foot the bill, and advise the party to make the fight, and maybe helped collect the funds with which to pay himself.
Don't you think, Dear Reader, that litigation involving the office of treasurer, in which your taxes are handled will cost the city something?

Do You Think For Yourself?

Dr. do you open your mouth like a young bird and gulp down whatever food or medicine may be offered you?

Consider an intelligent thinking woman, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is one tried and true honest medicine of actual composition, sold by druggists for the cure of woman's life.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible influence of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients of which it is composed, in plain English, on every bottle-wraper.

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famous medicine is advised.

No other medicine for woman's life has any such professional endorsement as Dr. Pierce's Favorite Prescription has received. In the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice, is such an endorsement not worthy of your consideration?

CHARITY CLUB IS BEGINNING WORK CARING FOR POOR

Next Monday the Charity club will open its office, and begin the work of caring for the needy poor during the winter months. This year its usual secretary will have charge of the distribution of the supplies, and will make personal investigation. Mr. E. A. Miller, who is city lawyer, will be secretary, and he will have his office 207 South Fourth street, opposite the city hall. He will be in the office every morning from 8 until 10 o'clock. The city continues to handle its charity fund through the club.

This year the club will begin the work in better financial condition than ever before. The work has been suspended during the summer months and there was nothing to cause a drain on the resources. Miss Elizabeth Sinnott is president of the club, and the feature of dividing the city into districts will be resumed this year. Miss Sinnott at a meeting early next month will appoint a chairman for each of the eight districts and the chairman will report all cases deserving charity to the secretary. The club will remain open until next June.

SEVERAL DOCTORS

Attend Meeting of the Medical Association.

The Southwestern Medical association held their semi-annual convention at Princeton yesterday. About 50 doctors were present at the meeting and enjoyed a good time. A class of 8 new members was received by the association. The members present were all treated to a fine dinner at noon at the Princeton hotel. The big meeting of the association will be held at Paducah the second week in May. The physicians from Paducah attending the convention yesterday were: Doctors Vernon Rhyne, P. H. Stewart, C. H. Johnson, E. V. Kimbrough, C. E. Purcell, H. M. Childress and H. G. Reynolds.

The Hunk Case.
 Chicago, Oct. 28.—Assistant State's Attorney Burroughs today applied to Federal Judge Linds to have the stay of execution granted Hunk Hunk, the condemned murderer, set aside. The stay was granted when Hunk was given an appeal to the United States supreme court which recently was overruled. If the petition is granted, Judge Barnes will be asked to fix the date of execution.

Old Homestead Horehound Cough Drops

they're the best remedy we know for those slight, but annoying coughs, which almost all of us have these early fall days. Our grandmothers knew their business when they said: "Horehound for light coughs because it's effective yet harmless, being free from drugs; add a little sugar to make it taste good." Old Homestead is the kind grandma built her reputation on.

IN SOCIAL CIRCLES

Birthday Party.
 Little Miss Lora Street entertained a few of her friends in honor of her seventh birthday at her home, 1121 Tennessee street. The house was prettily decorated for the occasion, and the little hostess entertained her guests with games during the afternoon. She was the recipient of many presents. Refreshments were served during the afternoon.

Miss Schwab Entertains at 500 for Visitors.

Miss Nellie Claire Schwab was the hostess at a five hundred party last evening at her home in the Tucker flats on North Fourth street. It was a pretty complimentary to the following visitors in the city: Mrs. David Levy, of New York; Mrs. Nell Felsenthal, of Jackson, Tenn.; Miss Stella Levy, of New Orleans; Miss Norma Lichenstein, of Denham, Texas; Miss Gertrude Rosenthal, of Owensboro.

The rooms were effectively decorated with the autumn leaves and vines and flowers of the same hue. The autumn color scheme was attractively emphasized in the delightful course luncheon served after the game. The lady's prize was won by Miss Lichenstein. Mr. James Greenbaum captured the gentleman's prize. The consolation prize went to Mrs. Levy.

The guests were: Mr. and Mrs. Sol Lerner, Mrs. David Levy, of New York; Mrs. Nell Felsenthal, of Jackson; Miss Stella Levy, of New Orleans; Miss Norma Lichenstein, of Denham, Texas; Miss Gertrude Rosenthal, of Owensboro; Miss Irene Ullman, Miss Jeannette Sloan, Miss Viola Ullman, Miss Mayme Dryden; Messrs. Strauss, of Cincinnati; Jacob, of Ohio; Morris Friedman, Sydney Banberger, Julius Tick, Dave Desberger, Herbert Hecht, James Greenbaum.

The Marriage of Mr. Melvin Wallerstein to Miss Wachtel to Take Place November 17.

Mr. and Mrs. Charles Wachtel, of Mason, Ga., have issued invitations to the marriage of their daughter, Gertrude Dolores, to Mr. Melvin Wallerstein, of Paducah. The wedding will be solemnized at Temple Beth Israel, Macon, on the evening of Tuesday, November 17, at 8 o'clock. Announcement of the betrothal of Miss Wachtel and Mr. Wallerstein was made last spring.

Mr. Wallerstein is one of the most popular young men in Paducah. He is the eldest son of Mr. and Mrs. Jacob Wallerstein, a member of the well known firm of Wallerstein Bros. He has a wide circle of friends both in a social and a business way. Miss Wachtel is a beautiful girl of much charm of personality and will be a delightful addition to the social and club life of Paducah. She belongs to a prominent Georgia family.

Gregory-Scott Wedding.
 Tuesday's Louisville Times says of a wedding of more than usual interest in Paducah:

"The wedding of Miss Elizabeth Gregory, daughter of Mr. and Mrs. William E. Gregory, of 2421 Castalia street, to Mr. C. V. Scott, of Paducah, will be solemnized at the Woodland Presbyterian church Thursday evening at 8 o'clock. The Rev. E. S. Marshall, pastor of the church, will officiate at the nuptials."

"The groom is a well-known traveling salesman for a Pittsburgh steel firm, and is widely known throughout Kentucky. The bride is one of the most popular members of Paducah society. The young couple will leave immediately after the ceremony for a trip to New Orleans and Gulf points, after which they will make their future home in North Carolina."

Mr. and Mrs. Frank L. Scott, Mrs. Edwin Elmore Rowley, Frank L. Scott, Jr., and Mr. Stuart Sinnott who will act as Mr. Scott's best men, left today to attend the wedding. Mr. Scott is already in Louisville.

Henderson Wedding of Interest Here.
 Invitations have been received in this city to the marriage of Miss Nellie Walker Lockett and Mr. David Paul Banks, both of Henderson. The wedding will take place at the St. Paul's Episcopal church in Henderson, Wednesday, November 18, at 9 o'clock in the evening. The wedding will be followed by a reception at the home of the bride.

Miss Lockett is well known in Paducah, where she has frequently visited Mrs. Edward Hinghurst. She is a charming girl and popular here. She is the daughter of Judge and Mrs. William Lockett. Mr. Banks belongs to one of Henderson's most prominent families.

Mrs. Mildred Davis and daughter, Mrs. Edward Hinghurst, will attend the wedding.

Executive Board Transacts Routine Business.

The executive board of the Woman's club met this morning at the club building, in regular business session preceding the usual Thursday meeting.

D. A. R. Members Asked to Send Names in at Once.

Mrs. Johns, the chairman of the committee on entertainment at the unveiling of the George Rogers Clark monument at Fort Massac on November 5, is anxious to know the exact number of the Paducah chapter D. A. R. that will attend. The entire chapter is invited and it is hoped that they can attend in a body. All who will go are requested to give their names to Miss Emily Morrow Jefferson and Sixth streets, the secretary of the chapter, at once. The party will leave here at 11 o'clock on

the Cowling and if as many as 25 go the boat can be chartered for the return trip, otherwise the party will come back on the evening train. It is expected a large delegation will go from here for the patriotic ceremony which so nearly touches Paducah. Governor Deneen, of Illinois, will bring a delegation of 50 D. A. R. members over in his special car.

Civics Department Will Have Open Meeting on Thursday.

The Woman's club will meet in regular session Thursday afternoon at 2:30 o'clock at the club building. All the members are urged to be present promptly at the hour.

The open meeting which follows the business session will be under the auspices of the Civics department. Miss Adne Morton, chairman. A delightful program will be featured as follows:

1. Vocal Solo, Miss Anne Bradshaw.
2. Talk, "Building Beauty Into Cities"—Dr. David G. Murrell, president of Paducah board of park commissioners.
3. Instrumental Solo, "Concert Value" (Hindoff Frim)—Mrs. George R. Hart.
4. Talk, "Some Beautiful Foreign Cities"—Mrs. William L. Brenner.
5. Vocal Solo—Mr. Frank Cheek.
6. Reminiscences of the Biennial—Mrs. Hubbard S. Wells.

In Bankruptcy.
 E. W. Hagby, referee in bankruptcy, held a meeting of creditors of Duncan & Hayden, bankrupt merchants of Kuttawa, yesterday at Eddyville. James F. Haney was elected trustee, and he executed bond for \$4,000. Duncan & Hayden operated a large store at Kuttawa.

The district court at Louisville has issued an order of composition in the bankruptcy case of Asher Graham, of Murray, by which he offered his creditors fifty per cent. Judge Hagby will distribute \$10,000 among the creditors.

A petition has been filed in the bankruptcy court at Louisville by Attorney Oscar Kahn for creditors of the John G. Rehkopf Huggy company, asking that it be forced into involuntary bankruptcy. The papers were served on Mr. Rehkopf, president of the company, today by Elwood Noel, deputy United States marshal. The creditors are Battermann & Luth, Hickory Carriage company, and Roub & Scheu, all of Cincinnati, and the claims are for stock furnished the company.

LUMBERMAN KIDNAPED.

Hold-Up Artists Force Mount Vernon Man to Write to Wife.

Mount Vernon, Wash., Oct. 28.—While driving to Mount Vernon last night from his lumber camp about 15 miles from here, Edward English, a wealthy lumberman of Mount Vernon, was held up and kidnaped by a lone robber about three miles from town. The robber forced English to make a note payable at Mount Vernon of \$5,000 and write the following letter to his wife:

"I was held up and kidnaped for \$5,000 and I am threatened with having my ears cut off if the money is not forthcoming by tomorrow noon. For God's sake make all haste. Show this to Mr. Manning and solicit this sum."

Hannay is connected with a Mount Vernon bank. The robber within two miles of town handed the note and the letter to a passing traveler, telling him that English had been injured in a runaway and to take the message to Mrs. English. This the stranger did. Meanwhile the bandit left the victim tied to a tree, evidently intending to return to him in the morning to see if the ransom was forthcoming.

MANILA TAIS GET SHORE LEAVE

Decrease in Cholera Cases Results in Lifting of Embargo.

Manila, Oct. 28.—Following an examination of cholera conditions in Manila by a special medical board, Rear Admiral G. B. Harber, commanding the cruiser squadron, today for the first time in many weeks granted the sailors shore liberty.

The sailors and marines are forbidden to enter the shores of the natives, instructed to avoid the Tondo district, where the epidemic has created the greatest ravages, and warned to take precautions about food and drink. Hundreds of sailors are ashore.

The board of health found but one cholera suspect today. There is general confidence that the sailors are in no danger.

The cruiser Galveston carried off the honors in the recent target practice of the cruiser squadron.

SUMMER COTTAGES BURN.

Pleasant to Take

Young people have a proverbial distaste for extra work or rubbers, hence many of them have a cough most of the time.

This is a right because the superabundant vitality of youth will throw it diseases which would kill older people, is no reason that coughs and colds among children should be neglected. The boy or girl who contracts a cough needs

Sick Kidneys Weaken the Whole Body—Make You Ill, Languid and Depressed.

Sick kidneys weaken the body through the continual drainage of life-giving albumen from the blood into the urine, and the substitution of poisonous uric acid that goes broadcast through the system, sowing the seeds of disease. Loss of albumen causes weakness, languor, depression. Uric poisoning causes rheumatic pain, nervousness, nausea, cramps in the back, gravel and kidney stones. The proper treatment is a kidney treatment, and the best remedy is Doan's Kidney Pills. Great Paducah cures prove it.

W. F. Shoemaker, of 820 South Sixth street, Paducah, Ky., says: "I cannot say too much for Doan's Kidney Pills. I had backache and was bothered with irregular action of the kidney excretions. I procured Doan's Kidney Pills at Dittleson & Co.'s drug store, took them as directed and received more genuine benefit from them than from all the other medicines I had ever taken."

For sale by all dealers. Price 50 cents. Foster-McMurray Co., Buffalo, New York, sole agents for the United States.

The suit recites the fact that Bennett was a resident of Crittenden county, Ky., near Dycusburg, and engaged in the buying, selling and re-handling of leaf tobacco of the kind and character known as dark tobacco and operated a factory near Dycusburg. He recites also the fact of the organization of the Dark Tobacco District Planters' Protective association of Kentucky, following which various county and district organizations were formed. The object of said associations was to procure the active co-operation and support of producers, handlers and agents in said dark district, and to induce all persons so engaged to pledge their tobacco in a pool and under agreement not to sell the same until such time as said corporation, and said associations should determine, etc. The plaintiff says that in Crittenden, Lyon, Caldwell and Trigg counties, in the western district of the state, county associations to further the purpose of the corporation were formed. Bennett states further that a number of growers, handlers and owners, including himself, refused to join such associations or to pledge or pool their tobacco, and that for this reason the effort to establish a monopoly and control the price of said dark tobacco failed.

Following this, he says, an intensely bitter feeling was created, resulting in the organization of a secret criminal society generally called and known by the name of "The Silent Riders," and the "Night Riders." After describing the manner of electing officers by the night riders, and the plan of affiliating with similar organizations, the manner of initiation and giving the blood oath in full, Bennett says that early on the morning of February 1, 1908, the defendants who were members of said secret society and conspiracy, and a large number of others of said society, and co-

EAT WHAT YOU WANT WHEN YOU WANT IT

Give Your Stomach a Good Eat Without Fear of Indigestion.

As there is often some one in your family who suffers an attack of indigestion or some form of stomach trouble, why don't you keep a case of Diapensin in the house handy?

This harmless blessing will digest anything you can eat without the slightest discomfort, and regulate a sour stomach five minutes after.

Tell your pharmacist to let you read the formula plainly printed on these 50-cent cases of Diapensin. Then you will readily see why they cure indigestion, sour stomach, heartburn and prevent at once such miseries as flatulence of Gas, Eructations of sour undigested food, Nausea, Headaches, Dizziness, Constipation and other stomach disorders.

Some folks have tried so long to find relief from indigestion with the common every-day cures advertised that they have almost given up their minds that they have something else wrong, or believe there is a case of Nervousness, Gastritis, Catarrh of the Stomach or Cancer.

This is a serious mistake. Your real trouble is what you eat does not digest; instead, it ferments and sours, turns to acid, Gas and Stomach poison, which will putrefy in the entire digestive tract and intestines, and besides poison the breath with noxious odors.

A hearty appetite, with thorough digestion, and without the slightest discomfort or injury to the stomach, is waiting for you as soon as you decide to try Diapensin.

One candy-like Triangle, taken after eating, will promptly digest all your food, the same as a strong healthy stomach would do.

Conspirators with the defendants, set fire to his tobacco factory and distillery and destroyed them and then by violence and outlaws came to the house of the plaintiff and took him out, and by beating him with clubs and switches compelled him to go to a point nearby, where they cruelly and brutally, unmercifully, maliciously and wantonly beat, bruised, cut and wounded the plaintiff with clubs and whips and with branches of thorn trees, violently beat the head of the plaintiff against a tree many times. Bennett says that he was wounded in many places, thumbs were broken off in his flesh, and festered therein, and a part of his ear beaten off. As a result of these injuries Bennett says that he was made sick, that he was compelled to flee from Kentucky for protection and that he was damaged in the sum of \$150,000.

Say It Will Stop Night Riding.
Of this amount, he says, that his factory was of the value of \$8,000 and his distillery \$4,000, and that his business suffered to the extent of \$15,000. Messrs. Flexner & Campbell, who are bringing the suit, state that it differs from other suits of this character filed in the past, in that each member of the night rider band is made a conspirator, whether actually present or not. If this point is sustained, the attorneys assert that such actions will be the most effective way of ending the state of night riding. Associated with Flexner & Campbell are Duffell & Pleece, Campbell & Campbell, and Carl Henderson.

The Remedy That Does.
"Mr. King's New Discovery is the remedy that does the healing others promise but fail to perform," says Mrs. E. E. Pierson, of Auburn Center, Pa. "It is curing me of throat and lung trouble of long standing, that other treatments relieved only temporarily. Now Discovery is doing me so much good that I feel confident its continued use for a reasonable length of time will restore me to perfect health." This renowned cough and cold remedy and throat and lung healer is sold at all druggists, 50c and \$1.00. Trial bottle free.

FEW FOLLOW GOMPER'S LEAD.
Wade Ellis Calls This Fact the Most Significant of Campaign.
New York, Oct. 28.—Among the editors at headquarters of the Republican national committee today was Wade H. Ellis of Ohio. He conferred with Chairman Hittcheson about the situation in Ohio, and the labor vote in general.

The most significant feature today in the national campaign, said Mr. Ellis later, "is the failure of President Samuel Gomper's of the American Federation of Labor to carry any large number of union labor votes with him to Bryan's forces. This is evident on every side. Even his fellow-officials have deserted him."

It Can't Be Beat.
The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Hitters does all that's claimed for it. For stomach, liver and kidney troubles it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines also for weakness, lame back and all run down conditions. Best for chills and malaria. Sold under guarantee at all druggists, 50c.

MANY WORKING MEN HEAR TAFT

Candidate Travels From Gotham to Troy.

Candidate Charged That Bryan Would Take Protection From Big Sugar Refineries.

HIS MAIN TALK AT YONKERS

Troy, N. Y., Oct. 28.—The industries of the cities and towns along the Hudson river from Greater New York to Troy were made the text for speeches of Taft to the people of these cities and towns.

Bryan spoke at Yonkers yesterday, and saying that he understood that his distinguished opponent had charged that the Republican party had done nothing for labor, Taft first asserted that the policies of the Republican party had been chiefly devoted to the interest of labor, and then pointed out the protective policy made possible in the sugar refining industry, the chief enterprise of the city.

"Certainly Bryan was a bold man to advocate such views in a town like Yonkers," continued Taft, "which I believe is one of the greatest manufacturing towns in proportion to its size in New York, and is dependent upon the protective system." As a charge, Taft said, of the "bitterly impractical or destructive character of Bryan's recommendations with reference to economic reforms," he would say what Bryan would do with the Yonkers sugar refinery, assuming for argument that the refinery was in a "trust," Taft said.

"He would take off the differential in sugar—that protection which is necessary to enable us to have any sugar refineries in the country."

"It would cause the establishment of refineries in Germany, and all our population here dependent on this refinery would be affected. And not only would it destroy the trust, but with it the independent refineries."

"The Republican party is just as much opposed to monopoly as the Democratic party," answered Taft. "It passed and enforced the trust-law. It believes in going directly at the evil of monopoly by punishing men for controlling it, rather than by destroying the industries and great combinations of capital that have much utility, and are of such benefit to the wage earners. It believes in stamping out the evil and not stamping out the corporation."

Tarrytown, Peekskill and Fishkill Landing listened to short speeches delivered by the candidate from the car of his car. At Poughkeepsie the afternoon Taft addressed a big crowd in the Poughkeepsie opera house. Here the candidate reverted to Bryan's issue—"Shall the People Rule?"

"Shall the people rule?" has stranded," he declared. "This truth is the proposition that the people had not ruled up to this date met with much ridicule that it has faded out as an issue." Taft was so much in demand by the immense crowd outside the theater when he emerged that he made a second speech from the steps of the Republican headquarters building.

Another brief speech was made at Hudson, after which the special train to Schenectady where nearly three hours were occupied by the candidate in the delivery of three speeches, all of them predominantly with labor issues. The employees of the American Locomotive Works were spoken to first and received the candidate with much show of enthusiasm.

Schenectady contains more organized or union men than any town in the country for its size," declared Taft, and he then proceeded to inform his hearers of his own labor record, of labor legislation which the Republican party had enacted, as compared with the "blank" record of the Democratic party.

The show of the General Electric works were next visited. From the stand the thousands of workmen were told in detail of Taft's position on labor from the time the candidate was a judge on the bench, during his administration in the Philippines, as secretary of war, in charge of the Panama canal and the present promise of interest. The third meeting here was to an audience which packed the Van Corter theater and here Taft discussed the labor situation as well as bringing to the fore the general prosperity issue which he declared confronted the voters of the country.

Bryan Gets Kissed.
New York, Oct. 28.—When W. J. Bryan entered the Astor gallery at a reception of the Women's Democratic club at the Waldorf-Astoria he was kissed by two women in the presence of nearly 700 others and narrowly escaped a third. Mrs. Bryan was present. Mr. Bryan displayed some embarrassment.

"Some girls are given away in marriage and some others throw themselves away."

BATTLESHIPS IN CHINESE WATERS

Magnificent Entertainment is Planned.

Ten Thousand Electric Lights Will Illuminate Line of March to the Grounds.

ARRIVE THURSDAY MORNING.

Amoy, Monday, Oct. 26.—When the Chinese government selected Amoy as the port to receive the second squadron of the American battleship fleet, it made a wise choice. The broad, well-protected harbor, the climate (from October to April) unsurpassed and the scenic beauty of the surrounding country all unite in justifying the selection.

The second squadron consists of the battleships Louisiana, Virginia, Ohio, Missouri, Wisconsin, Illinois, Kentucky and Kansas, under command of Rear Admiral William H. B. B. and according to the itinerary they are due here Oct. 29, and will remain until Nov. 4.

The Chinese government has set aside the sum of 100,000 taels (or \$280,000) to meet the expense of entertaining the battleship squadron during its visit. The committee in charge of the arrangements has stated that the Peking government has signified its willingness to make an additional appropriation should the original appropriation prove inadequate.

The following officials have been designated to the Peking government to constitute a reception committee: An imperial prince; the vice president of the foreign board; Peking; the viceroy of Peking province; the governor of Chokiang; the admiral in command of the Chinese squadron; the mayor general of the Peking division, the tactical of Amoy, the special commissioner, Chen Yu and Mal Hsin Chen (Dr. George Mark). The management of the preparation for the reception has been placed in the hands of Commissioner Dr. Mark, assisted by the tactical of Amoy and Commissioner Chen Yu. Dr. Mark accompanied his excellency Li Hung Chang, as interpreter on his tour around the world about sixteen years ago, and has proved himself exceedingly well qualified to manage the arrangements for the reception.

The Chinese reception and entertainment will be distinctly Chinese in its nature, yet so planned as not to be inconsistent with the American ideas of enjoyment. The grounds are circular in shape, and a road thirty feet wide will lead from the sea to these grounds, a distance of about one quarter of a mile. This road continues a half mile further and connects with a beautiful Chinese temple (Nan Fu ton Mao) in the hills to the south of the grounds. Clusters of bamboos at intervals of every ten feet have been planted along each side of the road for its entire distance. Chinese lanterns will be strung all along through these clusters of bamboo.

An electric light plant capable of supplying 10,000 15-candle power lights will be installed and whenever these lights are used they will be dropped into Chinese paper lanterns, thus maintaining the Chinese effect. A series of buildings and mat sheds have been constructed about the circular plot of ground. The main building, to be known as the officers' hall, will be 200x200 feet and is so situated as to command a splendid view of the whole field. There is a stage for Chinese theatricals in one end of the building. Accommodations for dining and entertaining 300 people will be provided in this hall. A veranda on the front ends of the hall directly overlooks the baseball diamond and football gridiron. Directly opposite the hall, on the other side of the diamond has been erected a gorgeous Chinese arch which will be continued in electric lights. This arch will serve as one of the entrances to the grounds. Ten buildings constructed of bamboo and Chinese matting and facing on the circle will provide dining accommodations for 3,000 men. Two large buildings each capable of accommodating 1,500 people will serve as theaters. A large structure has been erected for an exhibition hall and bazaar, where Chinese made wares and curios may be exhibited and sold. Bordering on the circle nearly opposite the officers' hall is a picturesque knoll, which will serve for the fireworks display. This knoll has the advantage of being visible from the sea, thus when the fireworks are being exhibited, the sea on board the vessels in the harbor may see them from their ships. In the plan of decorations, so far as possible, the American and Chinese colors only have been used.

Young men from the Tung Wen Institute, an American-Chinese school, will act as interpreters for the visiting officers and men.

There is an abiding prejudice in Scotland against "paper moonlighters"—those who read their sermons from manuscript, and a critic once summed up his objection to a certain sermon as follows: "First, it was read; second, it was a word read; and, third, it was a word read."

Queer thing about it? The fusion we run in the present day is but a word.

WOMAN'S NATURE

Is to love children, and no home can be happy without them, yet the ordeal through which the expectant mother must pass usually is so full of suffering and dread that she looks forward to the hour with apprehension. Mother's Friend, by its penetrating and soothing properties, allays nausea, nervousness, unpleasant feelings, and so prepares the system for the ordeal that she passes through the event with but little suffering, as numbers have testified and said, "it is worth its weight in gold."

MOTHER'S FRIEND

William E. Curtis in one of his letters from Scotland to the Chicago Record-Herald has collected these examples of native humor:

A minister reproached his congregation for falling asleep, and emphasized his rebuke by calling attention to the fact that Jimmy, "the natural," always remained awake throughout the sermon.

"An' I had na been an idiot, I wad had been asleep, too," was Jimmy's unexpected comment.

A visitor at an insane asylum asked if the clock was right.

"If it war, dar you think it wad be here?" retorted a patient.

All of this is fresh stock. Take advantage of these prices.

FARMERS AND GUARANTY LAW

J. DWIGHT FUNK, OF BLOOMINGTON, ILL., IN CHICAGO
TODAY.

The farmers out in my part of the country are doing more talking about Mr. Bryan's plan to compel the banks of this country to guarantee each other's deposits than about any other plank in the Democratic platform. If not all the other planks combine, I think a plain farmer, I naturally look at this from a farmer's standpoint.

When this scheme was first proposed it looked mighty plausible to me and I said to myself that it would certainly be a fine thing for the people to feel they could walk into a bank—no matter how big or how little—and plump their money into it with the comfortable certainty that to all practical purposes, Uncle Sam was standing right there at the receiving teller's window, counting in the money and saying: "I am back of this proposition, and you have my pledge this money will be paid back to you when you want it."

But the only thing that troubled me right at the start, before I settled down to think the thing out for myself, was the source from which the proposition comes. While it looked mighty good to me I could not help but remember it was offered by the same man who had tried to work off on the American people a whole lot of other silver plated political novelties, like the 16 to 1 automatic cash color and the simple

Pimples, Rash, Eruptions, Etc., Quickly Eradicated by New Skin Remedy.

Since its discovery one year ago, posani, the new skin remedy, has, in its extraordinary accomplishments, exceeded the most sanguine expectations of the eminent specialist who gave it to the world. It has cured thousands of cases of eczema and eradicated facial and other disfigurements of years' standing. The terrible itching attending eczema is stopped with the first application, giving proof of its curative properties at the very outset.

In less serious skin affections, such as pimples, rash, herpes, blackheads, acne, barber's itch, etc., results show after an overnight application, only a small quantity being required to effect a cure. Those who use posani for these minor skin troubles can now avail themselves of the special 50-cent package, recently adopted to meet such needs. Both the 50-cent package and the regular \$2 jar may now be obtained in Paducah at Gilbert's and other leading drug stores.

Samples for experimental purposes may be had free of charge by writing direct to the Emergency Laboratories, 32 West Twenty-fifth street, New York City.

Adams was when he planted his first head of wheat from Alaska and raised seven pounds of seed. I figure that guaranteed banking in Oklahoma is not a bit further on in the testing process than the Alaska wheat was when Adams had threshed out his seven pounds of seed and figured that the ratio of yield was 225 bushels to the acre.

Don't Jump at Conclusions.

It looks to me as if it would be just as foolhardy for a man to vote for Mr. Bryan's guaranty plan as it would be for all the wheat farmers in the United States right now to put their entire acreage into Alaska wheat before it had been tested and found, in the first place, whether big acreages of it will yield any better than our standard brands now being generally planted, and, secondly, whether it will stand the test of actual milling and make flour that will make good bread and be commercially saleable to the flour consumers of the whole country.

The guaranty plan now in operation down in Oklahoma has not reached even the big acreage test of yield, and it is a long way off from having come to the milling test. If after it has been tested to a finish it turns out to be a good thing then you may be sure that it will prevail; that the people of the whole country will want it and will get it.

On the other hand, it will be in plenty of time to put it into operation under a national law after the experiment station has made at least one complete test of it—and that test will not be finished until it has been demonstrated by the bankers in Oklahoma, operating under the plan, that they can, for one year, handle the deposits which the plan at a profit and make loans of the proper proportions of their deposits at the reasonable percentage of interest; and for another thing that they can stand the test of downright hard times and a genuine old-fashioned panic, when a whole lot of people are pounding at the doors of a lot of banks, all trying to draw out their money at the same time.

That is the only thing that will tell the story. A leaky roof does not make any particular trouble until the rain comes, but a good driving storm is the thing that will put a practical test to the roof over your head.

Farmer Wants to Be Shown.

The practical farmer gets to be a little shy on things which have not been put through the experiment station and tried out there. He has heaps of propositions put up to him

and he is not sure of them.

ALL MOOCHERS

ARE REGISTERED AS DEMOCRATS FOR THE PRIMARY.

They Are Meeting Candidates on the Street Corners and Extending the "Glad Hand."

County politics is warming up as the election nears and candidates and their friends are busy as bees. The entire bunch seems to have centered on the city for the last days of the sprint and street corners are crowded from early morning until late at night.

Realizing that it is now or never, the "moochers" are working equally as hard as the candidates, and anything from a postage stamp to a load of coal is acceptable to them. Aside from drinks, candidates say street car fare is the most popular, although other excuses are many and varied.

One "moocher" was seen to brace a candidate early this morning for a dime "until the bank opens." He got the dime, although it is probable he never had a dime in bank in his life.

The candidates have been speaking every night this week in the outlying city precincts, and, beginning tomorrow night they will meet the voters at the central portion of the city at the court house, market house and other central points. The judicial candidates meet at the court house Friday night, while Thursday night county attorney candidates meet at the same place. The commonwealth attorney candidates probably will close their campaign with a speaking at the market house.

Every "moocher" in Paducah, regardless of politics, race, color or previous condition of servitude, is registered as a Democrat this year.

Keep thoroughly posted during the campaign by reading the Chicago Record-Herald or Tribune. Delivered daily and Sunday, eighteen cents per week. Drop a card to 116 South Fifth street. Will also deliver the Post-Dispatch, Louisville Times, Chicago News and Cincinnati Enquirer.

WITH RENEWED FURY

FOREST FIRE IN HOPKINS COUNTY IS RAGING.

Flames Were Supposed to Be Under Control—Family Loses Home and Crop.

Hopkinsville, Ky., Oct. 28.—After the forest fire, which raged in Hopkins county for a week, was under control and everyone in the affected section felt secure, the fire has broken out again with renewed fury and great damage is being done, says the Madisonville Hustler. The fighters are redoubling their efforts to extinguish the flames and believe they will succeed in a few days.

Many fences and unharvested crops have been destroyed and the loss already entailed will be a heavy one.

The fire is now burning fiercely in the Island Ford neighborhood and it is reported that a man lost his dwelling as well as his crops in this community.

Reports from the Island neighborhood southeast of Madisonville, say that the fire is burning there again after it had been checked by the fighters and was burning in many new places. It is understood that one hundred men spent all day Sunday fighting the flames, but made little headway against them.

TO UNDERGO AN OPERATION.

John S. Hobson, Prominent Business Man of Central City.

Louisville, Oct. 28.—John S. Hobson, of Central City, general purchasing agent for the Central Coal and Iron company, was removed at once to St. Anthony's hospital, where he will undergo an operation for bladder trouble. Mr. Hobson has been seriously ill for several days, but recently his condition became alarming and his physician advised that he be removed to Louisville to undergo the operation.

Magnificent First Part.

Nothing has been spared to make the opening or first part of the Rosamond Minstrels a feature, worthy of note, and that it is the embodiment of all that is beautiful and pleasing to the eye is the verdict of every where. Promptly at 8:15 the house will be darkened, the Rosamond Symphony orchestra will be heard in the distance; slowly the curtain rises and they are found seated on the terrace of the Palm Garden, adjoining the King's Palace. The King's courtiers appear bearing tidings from the King for this is the occasion of his annual fête. At his royal court men arrive, welcomed by the King, and all costumed in the gorgeous trappings of a decade past. The fun men arrive and the stage becomes a panorama of changing spectacles, music, mirth and melody mingle merrily together, lights of many varied hues are thrown on the scene which is enhanced by the glorious blending of colors. It will be seen at the Kentucky Tuesday, November 3.
